

Nebraska AIDS Project

NAP Fact sheet

Mission

Nebraska AIDS Project, serving the entire region, acts to eliminate the spread of HIV and provides comprehensive services to all people affected by HIV and AIDS.

History

Nebraska AIDS Project, Inc. was organized in 1984 when medical professionals, Catholic nuns, Health Department officials, concerned citizens, friends, family members and loved ones joined together for one cause—fighting AIDS. Organized to provide compassionate support to those dying with AIDS and to provide education to prevent the further spread of HIV, the virus that causes AIDS, Nebraska AIDS Project remains true to that mission: prevention and support.
